

Month 2: Daily Plan for Senior Front-End Engineer

Month 4: System Design + Interview Prep + Portfolio Polish

This plan includes browser internals, security, and a different DSA problem daily.

Day	Browser/Security Topic	Coding Task	DSA Question
Day 1	Frontend System Design Basics	Draw component map	Min Stack
Day 2	Component Architecture Patterns	Code pub/sub in JS	Max Stack
Day 3	Pub/Sub Pattern	Implement lazy loading	Longest Valid Parentheses
Day 4	Lazy Loading Design	Analyze your app design	Wildcard Matching
Day 5	Design Review	Update design doc	Median of Two Sorted Arrays
Day 6	Paint Blocking Analysis	Analyze render blocking	Basic Calculator II
Day 7	Web Vitals Deep Dive	Record Core Web Vitals	Find Median in Stream
Day 8	Memory Profiling	Heap snapshot & analyze	Sliding Puzzle
Day 9	Performance Budgeting	Set perf goals	Russian Doll Envelopes
Day 10	Perf Review	Optimize slow paths	Palindromic Substrings Count
Day 11	Mock Interview: Coding	Solve 2 Leetcode Med	Regex Matching
Day 12	Mock Interview: System Design	Design a chat system	Word Break II
Day 13	Behavioral Interview 1	STAR interview practice	Largest Rectangle in Histogram
Day 14	Behavioral Interview 2	Leadership story prep	Skyline Problem
Day 15	Interview Q&A Review	List top 10 Qs	LFU Cache Design
Day 16	Refactor App to Modules	Move to ESM format	Design Circular Queue
Day 17	Split JS by Feature	Organize folders	Minimum Cost Tree
Day 18	Add JSDoc + Type Checking	Write function comments	Kth Smallest in BST
Day 19	Write Unit Tests	Write 5 tests	Implement LFU Cache
Day 20	App Refactor Review	Refactor checklist	Stream of Characters
Day 21	Portfolio Polish: Add Projects	Push to GitHub Pages	Number of Arithmetic Slices

Month 2: Daily Plan for Senior Front-End Engineer

Day 22	Update Resume	Update summary section	Decode Ways
Day 23	Write Final Blog	Final edit for blog	Minimum Number of Arrows
Day 24	Add Architecture Diagrams	Draw arrows/flowcharts	Maximal Rectangle
Day 25	Prepare Demo Video	Record & narrate app demo	Largest BST Subtree
Day 26	Final QA on Portfolio	Test entire site	Count Nodes in Complete Tree
Day 27	Apply to Jobs	Send 5 applications	Find Duplicate Number
